

Information Disclosure Consent

While you are attending school in Grenada, mail regarding your student loans and any private debt you may have will be sent to your home address. It is important that the mail be opened and read to determine if immediate action is necessary. You should assign an agent to perform this task and to contact you in Grenada if the mail requires your attention. Unless you give us permission, we in Financial Aid and Student Finances (billing) cannot speak with anyone but you regarding your financial aid or your bill. If you will ask someone (parent, spouse, sibling, friend) to assist you in this effort, you must give us permission to release your personal information to him/her. You may assign more than one person as agent, i.e. your parents. Please complete this form and return it with your application documents, so that we may keep a record of the name(s).

I, _____, authorize Student Finances and
(Clearly print your name)

Financial Aid Services to disclose information regarding my financial aid and student billing files to my agent, _____,

while I attend St. George's University School of Medicine so that s/he may assist me in fulfilling my obligations to the school with regard to my bill and financial aid.
