

CURRICULUM VITAE

RHONDA D. PINCKNEY

St. George's University
School of Veterinary Medicine
True Blue
Grenada, West Indies
Phone: (473) 444-4175 ext. 3671
Email: RPinckney@sgu.edu

BIOGRAPHICAL INFORMATION

EDUCATION:

Ph.D. (cum laude), Biomedical Sciences and Veterinary Parasitology (1994), Auburn University, College of Veterinary Medicine, Department of Pathobiology, Auburn, Alabama 36849.

Doctor of Veterinary Medicine degree (1986), Tuskegee University, School of Veterinary Medicine, Tuskegee Institute, Alabama 36088.

Master of Science degree (cum laude), Veterinary Parasitology (1980), Oklahoma State University, College of Veterinary Medicine, Department of Parasitology, Microbiology, and Public Health, Stillwater, Oklahoma 74074.

Bachelor of Science degree, Animal Science/General Agriculture (1976), Purdue University, West Lafayette, Indiana 47906.

PROFESSIONAL HISTORY:

February 2005 to 2008, Assistant Dean of Students; Associate DOS (2009 to present), SVM. St. George's University, True Blue, Grenada, West Indies.

July, 2004 to July, 2007. Assistant Professor; July, 2007 to Present. Professor. St. George's University, Department of Pathobiology, School of Veterinary Medicine, True Blue, Grenada, West Indies.

November, 2003 to May, 2004. Public Health Laboratory Assistant. Madison Department of Public Health, Environmental Health Services, Madison, WI.

Fall Semester 2003 (Large Animal Surgical Nursing) and Spring Semester 2004 (Zoonoses). Instructor. Madison Area Technical College, Veterinary Technician Program, Madison, WI.

August 1994 to June 2003. Assistant Professor. University of Wisconsin-Madison, School of Veterinary Medicine, Department of Pathobiological Sciences.

October 1988 to May 1994. Ph.D. candidate. Auburn University, Department of Pathobiology, Auburn, AL. My area of research explored the safety, host tissue site specificity, vertical and transmammary transmission of the TS-4 temperature-sensitive mutant of *Toxoplasma gondii* in pigs and mice (Mentor: Dr. Byron L. Blagburn).

October 1988 to May 1989. Teaching Assistant. Tuskegee University, School of Veterinary Medicine, Department of Parasitology, Tuskegee Institute, AL.

May to September, 1987. Research Fellow (Senior Associate Investigator). Pfizer/Smith Kline Beecham, Department of Laboratory Animal Medicine, King of Prussia, PA.

October 1986 to September 1988. Instructor and Supervisor of the Clinical Parasitology Laboratory. University of Pennsylvania, School of Veterinary Medicine, Department of Pathobiology, Philadelphia, PA.

November 1981 to November 1995. Captain, U.S. Army Reserves, Veterinary Corps, (Honorable Discharge). Active duty included the Armed Forces Institute of Pathology; veterinary activity units in Washington, DC, Virginia, and Maryland; and food inspection and sanitation support for military commissaries.

October 1980 to July 1981. Animal Scientist and Residue Technician. Food and Drug Administration, Animal Feed Safety Branch, Rockville, Maryland.

May to September, 1980. Veterinary Medical Officer Trainee and Federal Summer Intern, Food and Drug Administration, Center for Veterinary Medicine.

TEACHING ACTIVITIES AND ACCOMPLISHMENTS

Teaching Activity – St. George’s University:

Veterinary Parasitology (PTHB 505), Course Director (2005 to present), Required; 4 credits, Term 3 (Year 2), 14 (4 hour) labs; 40 (one hour) lectures; 2004 to present. Visiting Professor, lecture (16 hrs.); lab (4 hrs.); October 28-November 8, 2002.

Clinical Skills IV (Laboratory Diagnostic Skills; Parasitology rotation) (CLIN 528), Course Director, Required; 1 credit, Term 6 (Year 3), 15 (2 hour) labs; 2005 to present.

Large Animal Clinical Parasitology (VSGP 830), Course Director and

supervising a Visiting Professor, Elective, 1 credit, 13 (1 hour) lectures; one (2 hour) lab, 2009, 2011.

Clinical Parasitology (VSGP 802), Course Director, Elective; 2 credits, 15 (1 hour) labs; 15 (1 hour) lectures, 2006 to present.

Wildlife Parasitology (VSGP 807), Course Director and supervising a Visiting Professor, Elective, 1 credit, 13 (1 hour) lectures; 1 (2 hour) lab, 2006, 2009, 2011.

Teaching Activity – University Of Wisconsin - Major Courses:

Veterinary Parasitology (PBS 703-514), Required; 3 credits, Year 2, Laboratory Coordinator, 16 (3 hour) labs; 12 (one hour) lectures; 1995 to 2003.

Clinical Parasitology (PBS 703-675), Course Director, Elective; 2 weeks, 2 credits; Year 4, 1995 to 1997 and 1999 to 2003.

Regulatory Veterinary Medicine and Public Health (PBS 703-515), Required; 2 credits, Year 3, Food Safety section, 14 (one hour) lectures; 1995 to 2003.

Teaching Activity – University of Wisconsin – Secondary Courses:

Recitation in Infectious Disease Pathobiology (VM 703-518), Required; 1 credit, Year 2; Advisor for student group case presentation, 1996 to 2003.

General Parasitology (Medical Microbiology & Immunology, Zoology, Animal Health & Biomedical Sciences 351), Undergraduate elective, 2 hours lecture/lab; 1996 and 1998 - 2003.

Horse Science & Management (Animal Science 250) – Undergraduate elective, two – 1 hour laboratory sessions on equine parasites, 1999 and 2001.

Directed Study - Immunological and tissue culture techniques (PBS 703-699), Elective, 1 credit, Year 4, 1998 and 1999.

Advanced Microbiology of Food borne Pathogens (Bacteriology/Food Science 650), Undergraduate/graduate elective, one (1 hour) lecture on food borne parasites, 1996.

Good Practices in Science: Research Ethics & Survival Skills Study Group, Graduate elective, two (1 hour) lectures on minorities and women in science, 1996.

Military Science (MS 202), two (1 hour) lectures on careers in the military, 1995.

Major Courses at Other Universities:

Veterinary Helminthology (VM 409), Auburn University one (1 hour) lecture and all laboratory sessions, 1988 to 1994.

Veterinary Arthropods & Protozoans (VM 410), Auburn University, one (1 hour) lecture and all laboratory sessions, 1988 to 1994.

Veterinary Parasitology, University of Pennsylvania, two (1 hour) lectures and all laboratory sessions, 1986 to 1988.

Veterinary Helminthology (VPARA 5333), Oklahoma State University, assisted in all laboratory sessions, 1979 to 1980.

Veterinary Parasitology - Arthropods & Protozoans (VPARA 5444), Oklahoma State University, assisted in all laboratory sessions, 1979 to 1980.

GRANTS IN SUPPORT OF TEACHING:

“Development of Interactive Parasite Physiology Tutorials for Veterinary Parasitology.” R. D. Pinckney (PI), S. Giles (Co-PI).

Consortium of North American Veterinary Interactive New Concept Education (CONVINCE), \$2,000, 2001.

“General and Clinical Parasitology Expansion of Parasitology Web Page.” R. D. Pinckney (PI), J. Schrader, S. Giles. University of Wisconsin-Madison, Division of Information Technology, Department of Learning Technology and Distance Education, Web Works Grant Program, \$1,000, 1999 to 2000.

“Food Safety Web Page.” R. D. Pinckney (PI), S. Giles (Co-PI). University of Wisconsin-Madison, Division of Information Technology, Department of Learning Technology and Distance Education, Web Grant III Program, \$738, 1999.

"Perceptions Among Veterinary Students About Food Safety, Animal Care & Ethics in Food Animal Production: Implications for the Swine Industry." L. Backstrom (PI), L. Olson, R. D. Pinckney (Co-PI). **National Pork Producers Council**, \$17,243, 1999.

“Testing WebCT as a Courseware Product for the University of Wisconsin-Madison.” S. Giles (PI), R. D. Pinckney (Co-PI). University of Wisconsin-Madison, Division of Information Technology, Department of Learning Technology and Distance

Education, Web Works Grant Program, \$250, 1998.

“**Veterinary Parasitology Web Page.**” R. D. Pinckney (PI), S. Giles (Co-PI). University of Wisconsin-Madison, Division of Information Technology, Department of Learning Technology and Distance Education, Web Development Grant II, \$750, 1997.

Teaching Publications:

Bowman, M. R., J. A. Parè, **R. D. Pinckney**. *Trichosomoides crassicauda* infection in a pet hooded rat. *The Veterinary Record*, 154(12): 374-375, 2004.

Horne, D. J., **R. D. Pinckney**. Head off damaging *Neospora* problems. *Hoard's Dairyman*, p. 53, 2002.

Leake, R., Lowe, **R. D. Pinckney**, L. Choromanski: Nix on Neosporosis. *Dairy Today*, pp. 16-17, 2002.

Parè, J. A., P. J. Pellitteri, **R. D. Pinckney**: Clinical Challenge: *Trogoderma ornatum* pseudoectoparasitism in a Mexican red-knee tarantula (*Brachypelma smithi*). *Journal of Zoo & Wildlife Diseases*, 32(2): 274-277, 2001.

Pinckney, R. D., M. J. Mealy, C. Thomas, P. MacWilliams: Impact of a computer-based auto-tutorial program on parasitology test scores on four consecutive classes of veterinary medical students. *Journal of Veterinary Medical Education*, 28(3): 141-145, 2001.

Pinckney, R. D., K. Kanton, H. Steinberg, P. Pellitteri. Infestation of a bird and 2 cats by larvae of *Plodia interpunctella* (Lepidoptera: Pyralidae). *Journal of Medical Entomology*, 38: 725-727, 2001.

Pinckney, R. D., A. D. Studer, R. M. Genta. *Filaroides hirthi* in two related dogs. *Journal of the American Veterinary Medical Association*, 193:1287-1288, 1988.

Teaching Publications (in preparation):

Pinckney, R. D., C. B. Thomas, L. Backstrom. A veterinary student survey. Part II: Opinions about food animal production and food consumption, 2009 (*in press*).

Coordinated the development of Websites:

“Interactive Parasite Physiology Tutorials for Veterinary Parasitology” and the “Veterinary Parasitology Web Page.” R. D. Pinckney, S. Giles.

<http://www.vetmed.wisc.edu/pbs/vetpara/>

"The Parasitology Resource." J. Schrader, R. D. Pinckney, S. Giles.

<http://www.wisc.edu/pbs/vetpara/>

“Food Safety Web Page.” R. D. Pinckney, S. Giles.

<http://www.wisc.edu/foodsafety/index.html>

Invited Presentations – Teaching:

Substance Abuse Workshop, SGU, 2 hours, 2007.

Veterinary Parasitology Educators Symposium, Renaissance Concourse Hotel, Atlanta, Georgia, December 1-2, 2006.

Job Seeking Skills: Interactive Resume (CV) Writing and Networking Workshop, moderator, 41st Annual Veterinary Medical Symposium, Tuskegee Institute, AL, 2 hours,

2006.

“Whys and Wows”, Expeditions in Science, Engineering Hall, University of Wisconsin-Madison, 3 hours, 2003.

Academic Advancement Program, New Student Orientation, University of Wisconsin-Madison, 1 hour, 2001.

NASA Shar Plus Research Apprentice Program, Enrichment Activity Lecturer, 1 hour, 2001.

“Parasitology Review.” North American Veterinary Licensing Exam Board review session for Year 4 students, 1 hour, 1998 - 2002.

“Teaching and Learning in Veterinary Medicine.” University of Wisconsin-Madison, School of Veterinary Medicine, Student Orientation Program, 2000.

“Life and Survival at UW-Madison.” University of Wisconsin-Madison, Odyssey Conference (discussion of research opportunities, graduate programs and professional schools), 1999.

“Intestinal Protozoa.” University of Pretoria, South Africa, Applied Veterinary Ectoparasitology and Protozoology Workshop, 1 hour, 1998.

“Hard and Soft Tick Auto tutorial Program.” 133rd and 132nd Annual Meetings, American Veterinary Medical Association, Reno, NV, 1997 and Louisville, KY, 1996.

Issues in Life Sciences Education (ILSE) Microteaching Forum, University of WI-Madison, School of Veterinary Medicine, 1.5 hours, 1996.

Published Abstracts – Teaching-Related Topics:

“A survey of veterinary students on ethics, welfare & food safety issues in animal agriculture.” L. Backstrom, **R. Pinckney**, L. Olson. Proceedings International Pig Veterinary Society, Melbourne, Australia, 2000.

I. “Materials and methods; response rates; pre-college experiences of farm work and companion animal medicine,” p. 233.

II. “Species and career interests,” p. 234.

III. “Utilization of animals in medical research, by-products, and meat consumption,” p. 235.

IV. “Perceptions about housing systems in animal agriculture, and swine industry trends,” p.236.

V. “Opinions about routine surgical procedures in animals,” p. 237.

VI. “Opinions about quality of food safety on the farm and through slaughter, growth promoting feed antibiotics, hormones and genetic engineering technology,” p. 199.

VII. "Trustworthiness of information, and curricular issues," p. 198. VIII. "A survey of university students in veterinary medicine, animal sciences, and non-agriculture (sociology) majors about utilization of animals, production ethics, animal well-being, and food safety in animal agriculture in the United States," p. 238.

"Effects of college major on student acceptance of animal utilization by humans, and perceptions about ethics, welfare, and food safety in agriculture."

R. D. Pinckney, L. Backstrom and V.D. Leibbrandt. Proceedings 33rd Annual Meeting American Dairy Science Association and American Society of Animal Science, p. 81, 2000.

Parasitology Teaching Programs -- Postgraduate and Outreach:

"Veterinary Care Today", taped interview about **"Heartworm Disease, Ticks and Zoonotic Parasites"**, channel 6, 1 hour, 2008.

Program for the Assessment of Veterinary Education Equivalence (PAVE) Review in Veterinary Parasitology, 1 hour sessions, 2005 to present.

"Concepts in Small Ruminants" (Veterinary Seminar Series), supervised two veterinary students who presented talks on diagnosis, treatment and control of small ruminant parasites. Sponsored by SGU and SVM, 6 hours, 2006.

Fort Dodge Animal Health (FDAH) Community Outreach Project (deworming, hoof trim and quantitative fecal analysis), Rose Hill, Grenada, 3 hours, 2005.

"Concepts in Pig Farming" (Veterinary Seminar Series), Supervised two veterinary students who presented talks on diagnosis, treatment and control of swine parasites. Sponsored by SGU and SVM, 6 hours, 2005.

American College of Zoo Medicine (Board Certification Examination) Preparation Course. Provided specimens for the parasitology section. University of Wisconsin-Madison, 2003.

"Diagnosis & Treatment of Parasites of Exotic Species." Tuskegee University, School of Veterinary Medicine & Center for Continuing Education, 36th Annual Veterinary Medical Symposium, 2 hours, 2001.

"Parasitology Wet Lab/Digital Imaging Workshop." Wisconsin State Lab of Hygiene and the Centers for Disease Control, Microscope/Laboratory Group Leader, 2001.

"Parasitic Dermatoses of Exotic Animals." University of Wisconsin-Madison, Midwest Skin Seminar, 1 hour, 2001.

"Science Education Show." WORT-FM, two (1 hour) live radio interviews, 2001.

"Update on Advances in Equine and Ruminant Parasitology." University of Wisconsin-Madison, School of Veterinary Medicine, American College of Veterinary Internal Medicine rounds, 1 hour, 2000.

"Wonderful World of Parasites." University of Wisconsin-Madison, School of Veterinary Medicine Open House, 3 hours, 1999 and 2000.

Moderator, Life Cycles and Epidemiology session, Joint Meeting of the American Society of Parasitology and the Society of Protozoology, San Juan, Puerto Rico, 2000.

"Getting to Know Parasites." Doctors of Our Community Program (junior & senior high school students with an interest in medicine), 2000.

"Mock Parasitology Examination." 6th Annual Conference, Wildlife, Exotic, and Zoo Animal Medicine Club, University of Wisconsin-Madison, School of Veterinary Medicine, 1997.

"Parasitology Wet Lab." Expanding Your Horizons Conference (career explorations in science, engineering, and mathematics for young women in grades 7 & 8), 1997.

"Caution! Cats & Zoonotic Diseases." University of Wisconsin-Madison, School of Veterinary Medicine, Feline Conference, 1 hour, 1996.

Session Moderator, 41st Annual Meeting, American Association of Veterinary Parasitologists, Louisville, 1996.

"Exploring Parasites." Saturday Enrichment Program (demonstration of parasite specimens for middle school students), University of Wisconsin-Madison, School of Veterinary Medicine, 2 hours, 1996.

"Mock Practical Examination and Wet Lab." Wisconsin Veterinary Technicians Association Annual Meeting, Madison, Wisconsin, 1996.

"Common Gastrointestinal Parasites of the Feline." University of Wisconsin-Madison, School of Veterinary Medicine, Feline Conference, 1 hour, 1996.

"Cryptosporidiosis in Domestic Animals." Wisconsin Veterinary Medical Association Annual Meeting, Green Bay, Wisconsin, 1995.

"Outbreak! (*Cryptosporidium parvum*)." University of Wisconsin-Madison, School of Veterinary Medicine, Grand Rounds Seminar, 1995.

"Wet Lab: External Parasites of Fish." 4th Annual Conference, Wildlife, Exotic and Zoo Animal Medicine Club, University of Wisconsin-Madison, School of Veterinary Medicine, 1995.

“Parasites of Zoonotic Importance.” University of Wisconsin-Madison, School of Veterinary Medicine, American College of Veterinary Internal Medicine rounds, 1 hour, 1995.

“Parasites in Dogs: Emphasis on Zoonosis.” Badger Kennel Club, Madison, Wisconsin, 1 hour, 1995.

“Pathology of Parasites in Laboratory Animals.” 30th Annual Veterinary Medicine Symposium, Tuskegee University, School of Veterinary Medicine, 1 hour, 1995.

“Parasitic Zoonoses with an Emphasis on Toxoplasmosis.” 28th Annual Veterinary Symposium, Tuskegee University, College of Veterinary Medicine, 1 hour, 1993.

“Parasites of Goats.” G.W. Carver Agricultural Experiment Station Goat Day, Cooperative Extension Program and the School of Agriculture, Tuskegee University, 1 hour, 1989.

Teaching Awards and Recognition:

Carl Norden-Pfizer Distinguished Teaching Award, Annual SGU SVM Awards Ceremony, 2007 (\$1,000 honorarium and plaque).

4 Department of Paraclinical (Pathobiology) Teaching Awards (“Outstanding Professor in the SGU SVM Department of Paraclinical Studies”), Annual SGU SVM Awards Ceremony, 2005-2006.

Certificate of Merit: Exceptional contributions to the undergraduate mentor program, University of Wisconsin-Madison, 1997.

Merck AgVet Creativity Teaching Award for problem-based interactive learning experience in veterinary parasitology using an auto-tutorial linkage between lecture and laboratory (\$1,000 honorarium and plaque), 1996.

Nominee for Student Chapter of the American Veterinary Medical Association Basic Science Teaching Award, 1995.

USDA Interactive Multimedia Workshop at Iowa State University (selected participant), "Hard & Soft Tick Auto tutorial" developed using Authorware program, 1995 (see Teaching Publications).

RESEARCH ACTIVITIES AND ACCOMPLISHMENTS

RESEARCH GRANTS:

"Detection and amplification of *Neospora caninum* DNA in Bull Semen." R.D. Pinckney (PI), H.W. Momont (Co-PI). National Association of Animal Breeders, \$15,000 (direct costs), 2001 to 2002.

"*In vitro* Isolation of a canine and bovine *Neospora* species in Wisconsin." R.D. Pinckney (PI). University of Wisconsin-Madison, School of Veterinary Medicine, Food Animal Grant, \$3,220, 1999 to 2000.

"Preliminary investigation of the potential for venereal transmission of *Neospora caninum* in cattle." H.W. Momont (PI), R.D. Pinckney (Co-PI). University of Wisconsin-Madison, School of Veterinary Medicine, Food Animal Grant, \$3,900, 1998 to 1999.

"Seroprevalence of *Neospora caninum*-infected cattle in Wisconsin." R.D. Pinckney (PI). University of Wisconsin-Madison, School of Veterinary Medicine, Food Animal Grant, \$7,700, 1997 to 1998.

"Immunobiology of *Isospora suis* (Protozoa: Apicomplexa) in pigs." R.D. Pinckney (PI). Auburn University, School of Veterinary Medicine, Bethea McCall Grant, \$ 2,000, 1991 to 1992.

RESEARCH SUPPORT (participation in the following projects):

"The prevalence and identification of parasites in related species of commercially important fish – Dolphin fish (*Coryphaena hippurus*) and Jacks Bigeye scad (*Selar crumenophthalmus*)." N. Dundas (PI), H. Ferguson, J. McKibben, R. Pinckney, \$3,000. 2011 to 2012.

"A survey of protozoal and helminth parasites in Cane Toads (*Bufo marinus*) in Grenada's St. George's and St. David Parishes." U. Zieger (PI), R. Cole, R. Pinckney, M. Drake (Master's degree candidate), 2010 to present.

"Molecular characterization of *Ehrlichia* and *Anaplasma* in dogs and ticks from Grenada, West Indies." M. Perea (PI), J. McKibben, R. Pinckney, S. Mofya, \$3,000, 2007 to 2011.

"*Sarcoptes*-World Molecular Network project". S. Alasaad with more than 100 parasitologists from 88 countries, 2009-2012.

“Seroprevalence of *T. gondii*, Hanta virus and intestinal parasites in wild caught Grenadian rats.” R. Sharma (PI), J. P. Dubey, USDA, Beltsville, MD; R.D. Pinckney, M.I. Bhaiyat, Department of Paraclinical Studies, SGU SVM, Grenada, West Indies, 2005.

“Seroprevalence of *T. gondii* and gastrointestinal parasites in free-range Grenadian poultry.” R. Sharma (PI), J.P. Dubey, M. I. Bhaiyat and R.D. Pinckney (Co-PI's), USDA and SGU SVM, Grenada, West Indies, 2005.

“Safety and results of challenge of weaned pigs with a temperature-sensitive mutant (TS-4) of *T. gondii* “, Department of Pathobiology, Auburn University, 1993, *Journal of Parasitology* 79: 71-76.

"Porcine neonatal coccidiosis (*Isospora suis*): control by novel passive immunotherapy." B.L. Blagburn (PI), R.D. Pinckney (Co-PI). Auburn University, Department of Veterinary Pathobiology, Animal Health Research, and Large Animal Medicine and Surgery, Food Animal Grant, 1989 to 1990.

"Toltrazuril study using nursing pigs infected with *Isospora suis*." T. Powe (PI), B.L. Blagburn (Co-PI), R.D. Pinckney (Co-PI). Auburn University, Department of Pathobiology and Large Animal Medicine and Surgery, Food Animal Grant, 1991.

RESEARCH PUBLICATIONS:

Aberrant Migration of *Dirofilaria immitis* in three dogs: case report. R. Pinckney and T. E. Paterson. 55th Annual American Association of Veterinary Parasitologists meeting, Atlanta, GA, 2010, Abstract 72, p. 70.

A comparative study into the prevalence of intestinal parasites in owned dogs in Grenada, West Indies. A. Erskine, D. Jacobs, C. Fields, R. Pinckney. World Association for the Advancement of Veterinary Parasitology, Ghent, Belgium, August 19-23, 2007, Abstract 539, p. 401.

Helminth parasites in dogs in Grenada, West Indies. C. Coomansingh, C.N.L. Macpherson, D. Stone, R. Pinckney. 52nd Annual American Association of Veterinary Parasitologists meeting, Washington, D.C., July 14-17, 2007, Abstract 25, p. 25.

Prevalence of parasites in free-range chickens from Grenada, West Indies. R. Pinckney, C. Coomansingh, M. I. Bhaiyat, A. Chikweto, R. Sharma, C. N. L. Macpherson. 24th Biennial Caribbean Veterinary Medical Association Conference, Grenada, West Indies, November 8-10, 2006, 6(1), p. 6.

Prevalence of parasites in wild Grenadian rats. C. Coomansingh, R. Pinckney, M. I. Bhaiyat, A. Chikweto, S. Bitner, A. Baffa, R. Sharma, J. P. Dubey. 24th Biennial Caribbean Veterinary Medical Association Conference, Grenada, West Indies, November 8-10, 2006, 6(1), p. 8.

Hematology and biochemistry reference values for small ruminants in Grenada, West Indies. R. Kabuusu, S. Kumthekar, H. Larkin, R. Pinckney, B. Nyack. 24th Biennial Caribbean Veterinary Medical Association Conference, Grenada, West Indies, November 8-10, 2006, 6(1), p. 14.

Detecção de anticorpos anti-*Neospora* sp. em éguas e a correlação com a produção de potros no Paraná. D.C.S. Hoffmann, J. R. Dittrich, R.R.T.B. Richartz, M. E. Gasino-Joineau, J. Antunes, R. Pinckney, et al. I Fórum Brasileiro de Estudos sobre *Neospora caninum*, São Paulo, Brazil, 15-16 September, 2005.

Preliminary investigation of the potential for venereal transmission of *Neospora caninum* in cattle (poster presentation). R. Pinckney, H. W. Momont, S. P. Schmidt. XII Congresso Brasileiro de Parasitologia Veterinária, Rio de Janeiro, Brazil, Sept. 1-5, 2002.

Techniques for the diagnosis of neosporosis in a herd of dairy cattle in southern Brazil; Detection of antibodies to *Neospora caninum* in healthy calves and in a blind calf; Seroprevalence of antibodies to *Neospora caninum* in dairy cattle and

the relation with abortion in Parana state. R. Locatelli-Dittrich, V. T. Soccol, R. R. Richartz, M. E. Joineau, R. Vinne, **R. D. Pinckney**. XV Latinoamerican Meeting of Parasitology & XVII Brazilian Meeting of Parasitology, São Paulo, Brazil. *Journal Brasileiro de Pathologia*, Vol. 37(4), October -December, 2001, pp. 203, 205, 236.

Preliminary Investigation of the Potential for Venereal Transmission of *Neospora caninum* in Cattle (poster presentation). **R. D. Pinckney**, H. W. Momont and S. P. Schmidt. Proceedings 76th Annual Meeting of the American Society of Parasitologists, 29 June – 3 July, 2001, p. 91.

Techniques for the diagnosis of neosporosis in a herd of dairy cattle in southern Brazil. R. Locatelli-Dittrich, R. Thomaz-Soccol, V. Richartz, R. R. Gasino-Joineau, M. E. Van Der Vinne, **R. D. Pinckney**. Proceedings I Simpósio em Ciências Veterinárias, Curitiba, Brazil. *Archives of Veterinary Science*, 6: 3, 2001.

Abortion in a herd of dairy cattle in Campos Gerais region (Parana) and the seroprevalence of antibodies to *Neospora caninum* and BVDV; Serological diagnosis of neosporosis in dairy cattle in Campos Gerais region (Parana); Relationship between positive dairy cows for *Neospora caninum* and the congenital transmission in the herd. R. Locatelli-Dittrich, V. Thomaz-Soccol, R. R. Richartz, M.E. Joineau, R. Vinne, **R. D. Pinckney**. Proceedings Congresso Brasileiro de Veterinária, Brazil, pp. 29, 30, 2000.

Dogs as a point source infection of *Neospora caninum* on a Wisconsin dairy farm. **R. D. Pinckney**, M. W. Schaefer, S. P. Schmidt. Proceedings Joint Meeting of the American Society of Parasitology and the Society of Protozoology, San Juan, Puerto Rico, p. 86, 2000.

Multiple abortions and congenital infections in two cows with a history of natural infection with *Neospora caninum*; Experimental inoculation of pregnant cows with *Neospora caninum* tachyzoites had minimal or no effects on a majority of cattle (poster presentations). **R. D. Pinckney**, A. Canavessi, K. Ellis, M. D. Bonds, R. D. Schultz. Proceedings 80th Annual Meeting of the Conference of Research Workers in Animal Diseases, Chicago, Abstracts 97P, 98P, 1999.

An indirect enzyme-linked immunosorbent assay (ELISA) for demonstration of *Neospora caninum* antibody in Wisconsin cattle. W. W. Zhang, **R. D. Pinckney**. Proceedings First International Veterinary Vaccines and Diagnostics Conference, p. 64; Proceedings Promega Immunology Retreat, Abstract 5, Madison, Wisconsin, 1997.

Determination of the role of BVD virus in *Neospora caninum*-infected cattle. **R. D. Pinckney**, W. W. Zhang, R. D. Schultz, H. W. Momont, D. Sockett, S. P. Schmidt. Proceedings 42nd Annual Conference American Association of Veterinary Parasitologists, Reno, p. 46, 1997.

Seroprevalence of *Neospora* infection in Wisconsin cattle. R. D. Pinckney, D. Bolin, W. W. Zhang, H. W. Momont. Proceedings 41st Annual Meeting, American Association of Veterinary Parasitologists, Louisville, Kentucky; Abstract 7, p. 24, 1996.

Further characterization of the TS-4 temperature-sensitive mutant of *Toxoplasma gondii*. R. D. Pinckney, D. S. Lindsay, B. L. Blagburn. Proceedings 39th Annual Joint Meeting American Association of Veterinary Parasitologists and American Veterinary Medical Association, San Francisco, Abstract 31, p. 32, 1994.

Site specificity and attempted maternal transmission of a temperature-sensitive mutant (TS-4) of *Toxoplasma gondii* in mice. R. D. Pinckney, D. S. Lindsay, B. L. Blagburn. Proceedings Joint Meeting of the Southeastern Society of Parasitologists, Animal Diseases Research Workers in Southern States, Southern Conference on Animal Parasites, and Southern Conference on Avian Diseases, Baton Rouge, Abstract 83, 1994.

Experimentally-induced ocular toxoplasmosis in nursing pigs. R. D. Pinckney, D. S. Lindsay, S. McLaughlin, T. Boosinger, B. L. Blagburn. Proceedings 68th Annual Meeting of the American Society of Parasitologists with 42nd Annual Meeting of the American Society of Tropical Medicine and Hygiene, Atlanta, Abstract 634, p. 394, 1993.

Effects of inoculation of nursing pigs with a temperature-sensitive mutant (TS-4) of *Toxoplasma gondii* on subsequent oocyst challenge. R. D. Pinckney, D. S. Lindsay, J. P. Dubey, B. L. Blagburn. Proceedings Joint Meeting of the Southeastern Society of Parasitologists and the Association of Southeastern Biologists, Virginia Beach, Virginia, Abstract 16, 1993.

Experimentally-induced ocular toxoplasmosis in nursing pigs (poster presentation). R. D. Pinckney, D. S. Lindsay, S. McLaughlin, T. Boosinger, B. L. Blagburn. Proceedings 23rd Annual Meeting American College of Veterinary Ophthalmologists, San Diego, Abstract 198, 1992. *Veterinary Pathology*, 29: 473, 1992.

Infections in nursing pigs with a temperature-sensitive mutant (TS-4) of *Toxoplasma gondii*. R. D. Pinckney, D. S. Lindsay, B. L. Blagburn. Proceedings Southeastern Society of Parasitologists Meeting, Mobile, Alabama, Abstract 3, 1992.

Safety of a temperature-sensitive mutant (TS-4) of *Toxoplasma gondii* in nursing pigs. R. D. Pinckney, D. S. Lindsay, B. L. Blagburn. Proceedings Animal Disease Research Workers in Southern States and Southern Conference on Animal Parasites, Starkville, Mississippi, Abstract 51, 1992.

Ultrastructure of *Isospora suis* during *in vitro* excystation (poster presentation). R. D. Pinckney, D. S. Lindsay, M. Toivio-Kinnucan, B. L. Blagburn. Proceedings Phi Zeta Research Emphasis Forum, Auburn University, College of Veterinary Medicine, Abstract 15, p. 14, 1991.

Ultrastructure of oocyst walls, sporocysts, and sporozoites of *Isospora suis* (Protozoa: Apicomplexa) during excystation *in vitro*. R.D. Pinckney, D. S. Lindsay, M. Toivio-Kinnucan, B. L. Blagburn. Proceedings 8th Annual Conference on Animal Parasites, Auburn University, College of Veterinary Medicine, Abstract 69, p. 36, 1991.

Efficacy of pyriproxifen against pre-adult stages of *Ctenocephalides felis* following topical application to experimentally infested cats. B. L. Blagburn, C. M. Hendrix, J. L. Vaughn, R. A. Cole, R. D. Pinckney, D. S. Lindsay, T. A. Miller. Proceedings Animal Disease Research Workers in Southern States and Southern Conference on Animal Parasites, Starkville, Mississippi, Abstract 61, 1991.

Serological detection of *Dirofilaria immitis* adult antigen in experimentally infected cats. R. D. Pinckney, P. J. Haeber, R. A. Cole, B. L. Blagburn, C. M. Hendrix. Proceedings Southeastern Society of Parasitologists Meeting, Abstract 8, 1990.

INVITED PRESENTATIONS:

Parasitic zoonoses: Are we prepared for an epidemic? R. D. Pinckney. Tuskegee University Executive Committee Scientific Meeting, November 13-20, 2008.

Emerging Parasites of Public Health Significance. R. D. Pinckney. XV Brazilian Congress of Veterinary Parasitology. II Seminar of Veterinary Parasitology of the Mercosul Countries. Curitiba, Brazil, 14-18 September, 2008.

Infectious diseases transmissible from animals to humans, March 27, 2007, SGU SVM, 6 hours.

Panel on Research and Scholarly Activity. February 14, 2007, SGU SVM, two 5-minute presentations.

Diagnosis, Treatment and Control of *Neospora caninum*. Empresa Brasileira de Pesquisa Agropecuaria (EMBRAPA), Entro Nacional de Pesquisa de Gado de Corte, Ministerio da Agricultura e do Abastecimento, Campo Grande, Brazil, August 29, 2002 (1 hour).

Diagnostic and Research Reviews: *N. caninum*, *Cryptosporidium*, *Taenia solium*, *Fasciola hepatica*, *Trypanosoma cruzi*, *Leishmania* and *T. gondii*. Departamento de Medicina Veterinaria, Universidade Federal do Parana, Centro de Diagnostico Basica, Curitiba, Brazil, September 9-11, 2002 (6 hours).

***Neospora caninum* - A New and Emerging Parasite?** University of Wisconsin-Madison, Dairy Science 900 Seminar, 2001 (1 hour).

Update on Neosporosis. University of Wisconsin-Madison, School of Veterinary Medicine, Pathobiological Sciences Department seminar, 2001 (1 hour).

Bovine Neosporosis and Vaccination. University of Wisconsin-Madison, School of Veterinary Medicine and Intervet, Inc., 1999 (1 hour).

Neosporosis: Importance and Economic Impact on the Dairy and Beef Industry. 15th Postgraduate Conference, University of Wisconsin-Madison, School of Veterinary Medicine, June 19, 1999 (1 hour).

Diagnosing Abortions Caused by *Neospora*. University of Wisconsin-Madison, School of Veterinary Medicine, Post Graduate Conference, Large Animal Program, June 15, 1996 (1 hour).

GRADUATE STUDENT COMMITTEE:

Dr. Wayne Sylvester, MSc candidate (Animal Product Processing, Entrepreneurship and Food Safety, major advisor), 2010 to present.

Trevor Noel, PhD candidate (Veterinary Microbiology/Parasitology, committee member), 2008 to present.

Michael Drake, Msc candidate (Wildlife Conservation Medicine, committee member), 2010 to present.

Dr. Tara Patterson, MSc (Veterinary Parasitology, major advisor), graduated 2011.

Kevin Neill, MD/MSc candidate, research scientist (Veterinary Parasitology, committee member), graduated 2009.

Camille-Marie Coomansingh, MSc degree (Veterinary Parasitology, major advisor), graduated 2008.

Dr. Linda Olson, M.S. degree (University of Wisconsin-Madison, graduated 2000).

VISITING PROFESSORS (St. George's University):

Dr. Ray Kaplan, University of Georgia, School of Veterinary Medicine. He gave lectures and labs in the Veterinary Parasitology course and the Large Animal Clinical Parasitology elective course, March 30 – April, 9, 2009; November 14-25, 2011.

Dr. Rebecca Cole, USGS, Biological Resources Division, National Wildlife Health Center, Madison, Wisconsin. She gave lectures and labs in the Veterinary Parasitology course and the Wildlife Parasitology elective course, March 12-25, 2006.

Dr. Genewe Sterren, Mass Desire, France, January 15-24, 2006.

OVERSEAS VETERINARY STUDENT (St. George's University and Small Animal Hospital):

I served as a mentor and supervised Alexandra Erskine, Royal Veterinary College, London, England. Veterinary Parasitology data collected September 14 to October 15, 2006 (see Published Abstracts).

VISITING RESEARCH FELLOW (University of Wisconsin-Madison): Dr. Renato Andreotti é Silva (sponsored by EMBRAPA in Brazil). He attended classes, learned molecular biological, tissue culture and lab handling techniques, presented data at professional meetings and seminars, 1998 – 1999.

HONORARY RESEARCH ASSOCIATE / SPECIALIST (University of Wisconsin-Madison): Dr. Aurea Canavessi, 1997-1998.

STUDENTS TRAINED IN RESEARCH LABORATORY (University of Wisconsin-Madison): Michelle Lutz, 1998; Erin Lingen, 2000; Dalete Faria, University of Wisconsin-Madison, School of Veterinary Medicine Summer High School Minority Program, 1996; Korri Ellis, 1996

Invited Participation in Student Activities and Outreach:

SGU SVM Graduation Ceremony and Graduate Studies Program Graduation, 2005, 2007 & 2008.

SGU SVM Clinical and Pre-Vet and Pre-Med Advisors Meetings, 2005 to 2010.

SGU SVM White Coat Ceremony (Committee Chair), 2004 to 2010.

SGU SVM Annual Awards Ceremony (Committee Chair, 2005); 2006 to present.

SGU SVM Mentors Scholarship Program, 2004 to 2010.

Term 1 SGU SVM Convocation and Orientation, SGU, 2004 to 2010.

SGU SVM Professionalism Workshop, 2004 to 2010.

SGU Student Association of the American Veterinary Medical Association, Auction and fundraiser for Louisiana State University SVM which is housing Hurricane Katrina victims pets, 2005; 2006.

SGU SVM Large Animal Society "Fun Day", 2005.

Science Career Day, University of Wisconsin-Madison, 30 minutes, 2001 - 2002.

Mistress of Ceremonies, Awards Banquet, University of Wisconsin-Madison, School of Veterinary Medicine, 2001.

Faculty Speaker, Graduation Ceremony, University of Wisconsin-Madison, School of Veterinary Medicine, 1997 and 2000.

Association of Multicultural Veterinarians Award Presentation, Awards Banquet, University of Wisconsin-Madison, School of Veterinary Medicine, 2000.

Invocation and Award Presentation, Awards Banquet, University of Wisconsin-Madison, School of Veterinary Medicine 1999.

Pre-Veterinary Association presentation, University of Wisconsin-Madison, 1997.

Mentor, Summer Research Apprentice Program (high school), University of Wisconsin-

Madison, School of Veterinary Medicine, 1996.

National Junior Science Symposium Tours, University of Wisconsin-Madison, School of Veterinary Medicine, 1995.

AWARDS AND ACADEMIC SERVICE:

Honors and Awards:

Umoja: African American News for Madison, featured in the "Scientists" section, Vol. 10, No. 8, p. 14, 2000.

Society of Phi Zeta (The National/International Honor Society of Veterinary Medicine), 1997 to present; **President:** 2009-2011.

Best Poster Presentation (\$200 award and plaque) at the Phi Zeta (Epsilon Chapter) Research Emphasis Forum, Auburn University, 1993.

Henry J. Reilly Memorial Scholarship (\$500) awarded by the Reserve Officers Association for graduate (academic) achievements, 1991.

Outstanding Graduate Student Award and certificates for academic excellence, National and International Student Recognition Banquet, Auburn University, 1990 - 1993.

Public Health Service Representative (voted by federal government employees), Health and Human Services, Food and Drug Administration, Rockville, MD; 1980.

Committee and Service Responsibility:

St. George's University:

Assistant Dean of Students, 2005 to 2010

Dean of Students Orientation and Scheduling Subcommittee, 2009

Dean of Students Professionalism Committee, 2006 to 2010

Pre-Veterinary Committee for Academic Progress and Professional Standards; Chair, 2006

Nonacademic Affairs Committee, 2005 to present

School of Veterinary Medicine:

Dean's Advisory Council for Hiring and Promotion, 2011

Accreditation Standards Committee (Chair, Student Standards), 2007 to 2011

Wellness Attributes Committee (Chair), 2008

Veterinary School Committee for Satisfactory Academic Progress and Performance

Standards (Chair), 2005 to 2010
SVM Appeals Committee, 2005 to 2010
White Coat Ceremony Committee (Chair), 2005 to 2010
Graduate Studies Program Committee, 2005 to present
SVM Management Team (Executive Committee), 2004 to 2010
Large Animal Society (faculty advisor), 2004
Awards Committee (Chair, spring term 2005); Co-Chair, fall term 2005
Examination Committee, 2005 to present

University of Wisconsin-Madison:

First Annual Campus Forum on Plan 2008, participation in the system-wide initiative to address diversity (10-year plan), 2001
Plan 2008 Human Resources Working Focus Group, 1998
UW-Madison Experts List, 1997-2003
Public Representation Organization of the Faculty Senate (PROFS), 1997-2003
Undergraduate Mentoring Committee, 1995-1996
Committee on Institutional Cooperation, Summer Research Opportunities Program, 1995
Recruitment & Retention Committee (undergraduate; ROTC representative), 1995

School of Veterinary Medicine:

Equity & Diversity Committee, 2000-2002
SVM Library Committee, 1997-2000
Ad Hoc Organizing Committee of the Foreign Animal Diseases Training Program (in collaboration with faculty of Veterinary Science Department, University of Pretoria, South Africa), 1999
Wellness Committee, 1998-1999
Search and Screen Committee, Tenured Faculty Position, Department of Surgical Sciences, 1997-1998
Search and Screen Committee, Assistant Professor Position, Department of Medical Sciences, 1997.
Faculty Student Liaison Committee, 1996-1997
Animal Care Committee, 1995-1997
Awards, Scholarships & Loans Committee, 1995 -1996
Search and Screen Committee, Assistant Professor of Public Health Position, Department. Of Pathobiological Sciences, 1995

Professional Organizations:

American Veterinary Medical Association, 1986-2003; 2008 to present
American Society of Parasitologists, 1988 to present
Mentoring Award Committee (Chair, 2002-2005)
Priority & Planning Committee, 2001

Student Awards Committee, 2000-2001
Membership Selection Site Committee, 1997-1998
American Association of Veterinary Parasitologists, 1988-present
Internet Presence Committee, 1996
Association of Multicultural Veterinarians, 1998-2002
Science Advisory Board (panel of scientific and medical experts formed on the www),
1997-2003
Society of Phi Zeta (The Honor Society of Veterinary Medicine), 1997 to present;
(President, National Chapter, 2009-2011)
American Association of Food Hygiene Veterinarians, 1996-2003
Association of Midwestern Conference of Parasitologists, 1996-2003
International Association for Food Protection, 1996-2003
Wisconsin Association of Milk and Food Sanitarians, Inc., 1996-2003
Association of Teachers of Veterinary Public Health & Preventive Medicine, 1995-2003
American Society of Tropical Medicine and Hygiene, 1994-1999
Helminthological Society of Washington, 1994-1996
Alpha Epsilon Lambda Graduate Student Honor Society, 1988-1994
The Society of Young American Professionals, 1994

Ad Hoc Journal Reviewer:

Journal of Parasitology, 1994 to present (reviewed: Long-term survival of *Toxoplasma gondii* sporulated oocysts in seawater, D. S. Lindsay and J. P. Dubey, 2008).
Veterinary Technician, 1994 to present
Journal of the American Society of Tropical Medicine & Hygiene, 1994 -1999
American Animal Hospital Association, 1995 -1998
